Club Project Corner

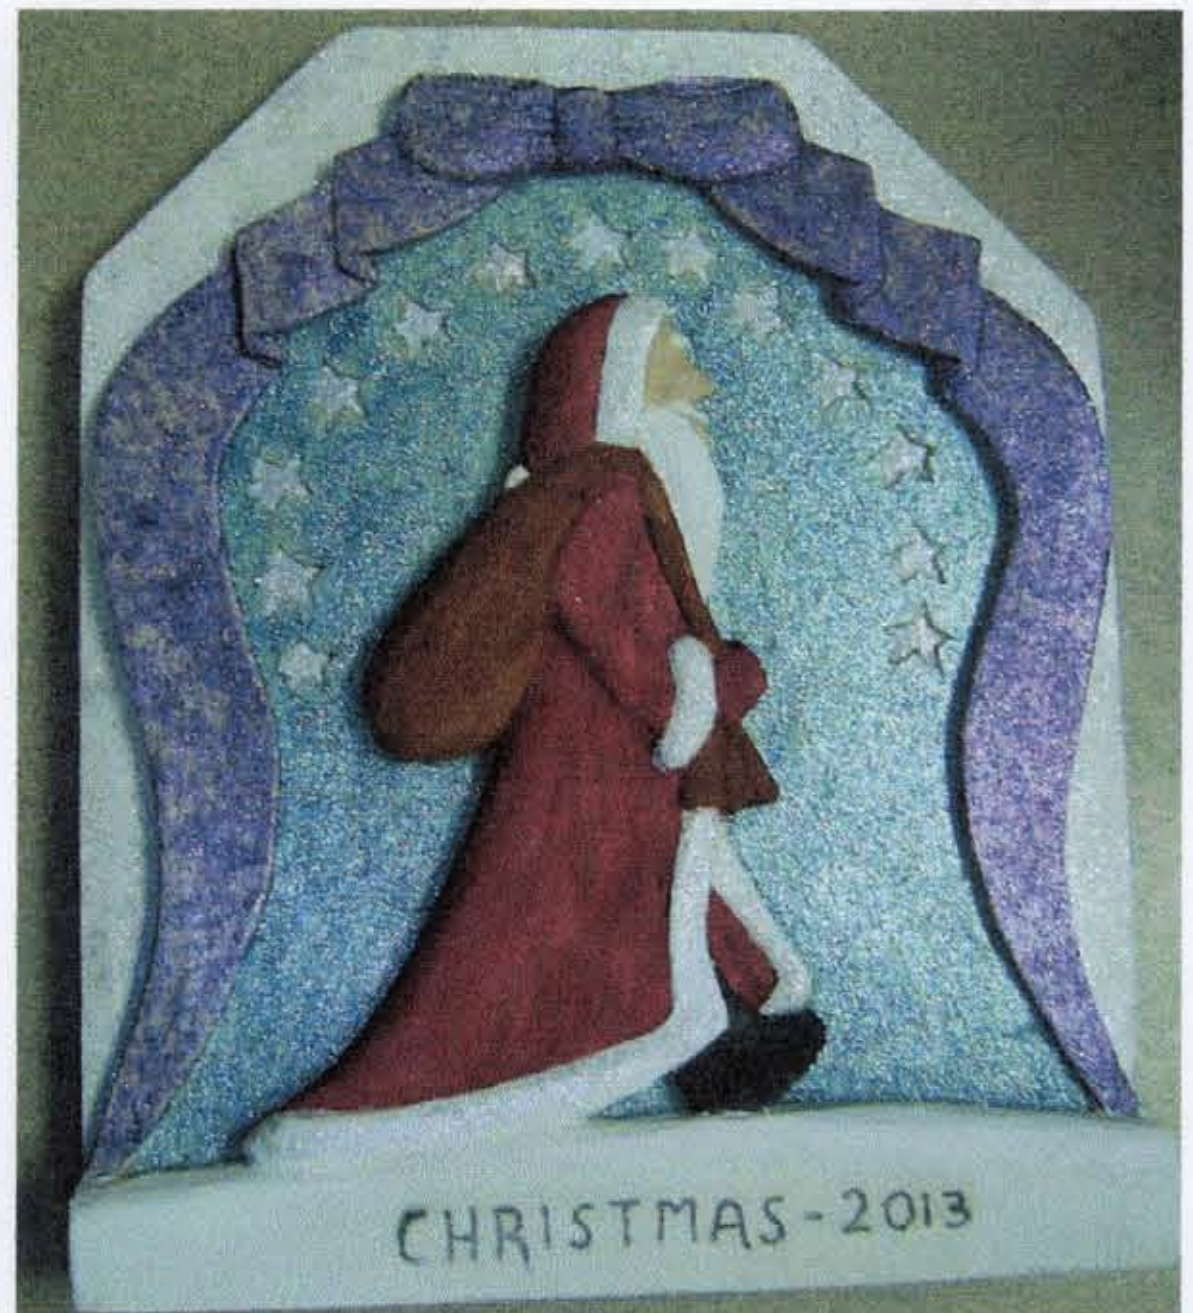

We are just finishing a chip carved Christmas decoration which was skillfully taught by Charlie Beaudoin. The item has a lot of possibilities for adapting to an ornament, a wall plaque or free standing chip carved decoration. The class is just finishing up.

During the meeting on the ninth of December, the club will be carving a small Christmas ornament that can be completed easily.

Holiday Season Schedule

Please note: Catatonk Valley Woodcarvers will have three meetings in December. The meetings on second and the ninth will be regular activities with carving. The meeting on the sixteenth, will start at 6:00PM and be the Catatonk Valley Woodcarvers Christmas party (more about this later). There will be no meetings on the twenty-third or on the thirtieth. After this Christmas and New Years break, meetings will start up again on January the sixth.

Christmas Party

The Catatonk Valley Woodcarvers Christmas Party will be held in the normal meeting place at the Candor Library, starting at 6:00 PM on Monday the sixteenth of December.

Please bring a dish or treat to pass, (finger foods are best) along with your spouse, boy or girl friend, and a carving if you wish to show it off. The club will furnish coffee and soft drinks, plates, cups and plastic-ware.
