## The next big thing

Charlie Beaudoin will be leading us in a chip carving project. The class will begin after the business meeting Monday the twenty-fifth of January. Charlie plans to bring several sizes of bass wood blanks, and the blank and class will be eight dollars. The subject of the class will be a free-form chip carving, so bring your imagination as well as your skills. Charlie will have publications with ideas, or you may bring your own idea and Charlie will give you assistance. See you Monday.

## Carving Meeting Schedule

The normal meeting on Monday the 25<sup>th</sup> of January will include the Catatonk Valley Woodcarvers business meeting.

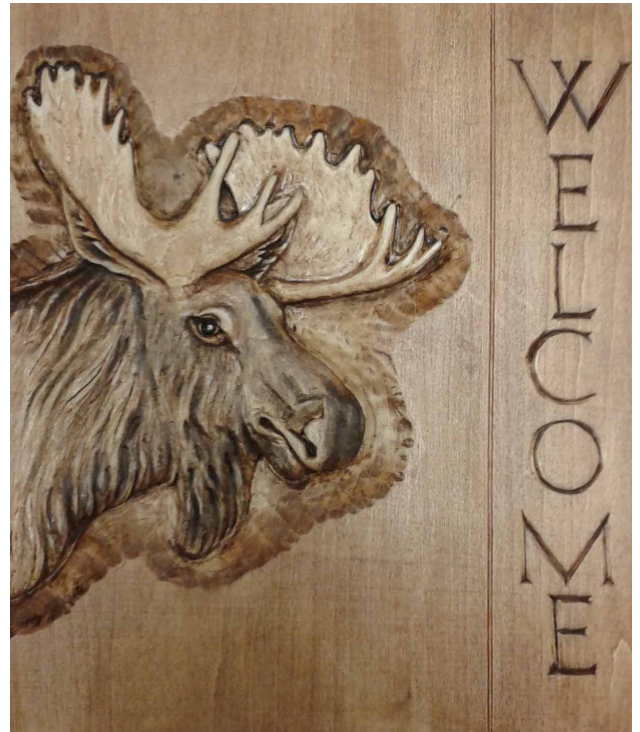

Project bird by Roger Westgate

## Club Project Corner

Roger Westgate just completed teaching a small bird using a wood egg as a rough out. The blue and orange charicture is a fun project and is a good carving to help us` work on our skills working with wood grain.

Randy Conner carving.

## Club Raffle

The raffle item for this year's show and sale has not yet been determined, and will be discussed during the meeting on Monday. If you are on the committee, or have an idea, be sure to be at the meeting so your voice can be heard.
